## R&D and Fulfillment Capabilities Statement

4TG Lasers, [www.J4TG-Lasers.com](http://www.J4TG-Lasers.com) is an independent subsidiary of [www.J4TG.com](http://www.J4TG.com) and we are currently seeking opportunities to:

- Provide Clients and Entities with Theory into Actuality data and prototype models advancing the threshold of applicable Laser Technologies through fact based innovation.
- Prototype Design and Testing of Commercial, Industrial and Military Lasers including full scale development for mirrored production (i.e. software, hardware and components).
- Advanced Engineering of New Laser Designs and/or improvements upon Existing Laser Designs.
- Evaluation and Testing of new laser technologies providing comprehensive report(s) that are substantiated and independently affirmed.
- Core Fulfillment of RFA, RFI, RFP and RFQ proposals based on our internal capacities, and whenever applicable combined with external cooperatives.

J4TG Lasers CBDT (core business development team) has, under its umbrella company J4TG, performed for Governmental, Private and Public sector Clients resulting in an excellent reputation in fulfillment at and often above standard. In addition the senior management of J4TG Lasers, to include select CBDT members have and/or can easily obtain any level of security clearances needed for sensitive projects.

Please visit [www.J4TG-Lasers.com](http://www.J4TG-Lasers.com) for additional information on our full range of capabilities and consider this brief introduction a formal request to be added to your Preferred Vendors List. We are excited about receiving your invitation(s) for proposal submission and are happy to elaborate on our specific capabilities upon request.

J4TG Lasers can provide a-la-carte as well as turnkey services and is fully supported by our ITParent Company J4TG.
